

KIVI CORN

Israel (temporarily), Gateshead Tyne and Wear - UK · +972 533 977 319

developer@bykivi.com · [Portfolio](#)

HTML5, CSS3, Sass, JavaScript, and React.js are where I've spent the bulk of my time learning, but **naturally**, I am always excited to learn new technologies!

I am looking for a team that will allow, support & prompt me to perpetually leave my comfort zones & push my parameters.

I am a passionate, motivated team player who always contributes positively, with a helpful attitude and a pleasing disposition.

EMPLOYMENT HISTORY

DECEMBER 2019 – PRESENT

FREELANCE WEB DEVELOPMENT

During this period, I have created several projects - successfully, and gained a valuable wealth of knowledge in the entire web development process.

- Meeting with the clients
- Designing UI/UX
- Coding the website
- Marketing strategies
- Deployment of websites

MARCH 2018 – PRESENT

READING SPECIALIST, MACHON KRIAH

I am a qualified Hebrew reading specialist, working with and for one of the country's leading Reading Institutes.

I evaluate the clients, create customized remediation programs - built to & for their individual requirements - and thus enable our clients suffering dyslexia, learning disorders

and other literacy difficulties, to swiftly attain fluency in Hebrew reading and interpretation.
